## **Dear Parents and Carers**

It is lovely to see all the children continuing to behave safely inside and outside – I continue to be very impressed with all of the children, younger and older, in the way they have adapted. A big well done to all the new reception children in our schools and how well they are doing and for how brilliant they have been coming into school without a grown up.

You should be very proud of your children and it is testament to you as parents/carers that they are so well prepared. A thank you also to the school teams who are managing to continue with the changes we have had to implement.

## **Covid Testing Letters**

As you are aware, we have been sending out letters when we have had people go for Coronavirus testing. It is likely that we will have to send these letters a lot, especially as we approach winter and I know it is inconvenient to receive far more correspondence than usual. We are unable to unsubscribe individual families of those who don't want to receive such letters.

## **School Uniform**

Thank you for ensuring different clothes are worn each day – just a reminder that we have increased ventilation in all areas with doors and windows open, so please ensure your child has warm enough clothes as the weather changes.

## **Online Learning**

At the moment we are developing an online learning system to ensure we have good remote education support for larger groups of children who may be required to remain at home. We are looking at what will work best for families and children and further information about this will follow shortly.

## **Snacks**

We encourage healthy eating at snack times and discourage items such as chocolate bars (e.g. Mars bars) and sweets (e.g. Skittles). Thank you.

### **Medication in School**

If your child has prescribed medication for school use, we need it to be in the original box with the prescription information printed on the box, or to see sight of the prescription sheet for the child. Thank you.

### **Pears at St. Andrew's**

Please remember we are a pear free school due to a member of staff having a severe allergy. This includes items such as fruit winders and yogurts which often contain pears. Thank you for your co-operation.

### **NHS Just One Number**

The NHS service 'Just One Number' is available on 03003000123 or [justonenorfolk.nhs.uk](http://justonenorfolk.nhs.uk) and includes access to Health MOTs for families.

### **PTA News**
