## Headteacher's message

Dear all,

This term has really flown by - I cannot believe on Friday we will be breaking up for half-term. The children have thrived this half-term and it has been great to see their learning across all three sites.

I am aware that some classes have not been taught by their regular teachers at certain times over the last few weeks. I am sure that you understand the obvious reasons for this. It may be that your child's class is taught by an unfamiliar teacher or an adult from another area in the school. Please be assured that we will always try and achieve as much consistency as possible for your children. It may be that your child's class is covered by a teaching assistant for a short period of time, with all work planned collaboratively by the year group teachers. The alternative to this would be to put classes together in larger groups or to send classes home if we simply do not have the staff to operate. This is highly unlikely and would be something that I would only consider as a last resort in an emergency. I appreciate your continued support with this.

We wish all families within the federation a lovely half-term and will see you after the break.

Mrs J Woolner

## Federation News

### **All Saints Primary**

Chinese New Year has been the main feature of learning at All Saints these last few weeks. There has been a mixture of different activities including Chinese artwork, Chinese cooking and dancing! The children were very lucky to have a Chinese dance workshop visit earlier in the week; they were very positive about the experience and are looking forward to us being able to hold similar events.

### **St Andrew's Primary**

Like All Saints, St Andrew's have had a focus on the Chinese New Year. The school has been filled with wonderful scents as they have been cooking and trying Chinese food - they loved it! The children across the whole school have been working hard to develop their writing and they have produced wonderful non-fiction texts about Chinese New Year.

### **Hapton Primary School**

Hapton children have shown their independence and maturity this week. Both Owls and Robins have worked collaboratively and worked on their team-skills - I have been very impressed. Both classes

have worked together to create their own class assemblies which they plan and lead together - I cannot wait to see the finished product!

## Collective Worship

This half term we are looking at the value 'wisdom'. Children will be sharing stories from the bible as well as other stories, both fiction and non-fiction, that enable us to think about what wisdom means.

## Parent Teacher Associations

### **Would you like to join your school's Parent Teacher Association?**

All three schools have well established Parent Teacher Associations: FOSTA at St Andrew's, HSA at All Saints and Friends at Hapton. They are always looking for more members - if you would like to join please contact your school office and they will be able to direct you to the members of the associations.

## COVID Guidelines

### **Positive Lateral Flow Tests**

From 11 January in England, people who receive positive lateral flow device (LFD) test results for coronavirus (COVID-19) will be required to self-isolate immediately and won't be required to take a confirmatory PCR test. Positive LFD test results will still need to be reported to the government website.

### **From Monday 17th January, self isolation is reduced to 5 days for those with negative LFD tests as follows**

Following a positive test result you should self isolate for 10 days, however, LFD tests can be resumed from day 5 (and must be taken 24 hours apart) - when two consecutive negative results are received and only providing you have no raised temperature, isolation can end. After day 10, you may end self-isolation even if a LFD test is positive, providing you have no raised temperature.

Those who leave self-isolation after day 5 are strongly advised to limit close contact with other people in crowded or poorly ventilated spaces, work from home and minimise contact with anyone who is at higher risk of severe illness if infected with COVID-19.

### **Close contacts**

If you are aged 5 years and over and have been identified as a contact of someone with COVID-19, but are not legally required to self-isolate, you are strongly advised to:

- take an LFD test every day for 7 days, or until 10 days since your last contact with the person who tested positive for COVID-19 if this is earlier
- take this daily test before you leave the household for the first time that day.
