

### English

Using the book 'Street Child' by Berlie Doherty, we will be applying our writing skills to a range of fiction genres. We will also be developing our SPAG knowledge to support the texts we are writing. We will be developing our comprehension skills, understanding how to retrieve information and making inferences from the text. We are going to focus on using evidence to support our answers to deepen our understanding even further. It is really important to keep reading at home to support this!

### Science

This half term we are learning about electricity. This will be followed by a unit on forces. We will be planning and conducting a range of experiments where we will make predictions and collect data to either prove or disprove our hypothesis.

### Mathematics

In Maths., we will be looking at place value, including recognising Roman numerals, numbers up to 10,000,000.

Within this, we will look at bar models to support our working, as well as using number lines to explore rounding within 10,000,000. Later in the term, we will look at calculations, including all four operations, as well as fractions.

## Year 6

### Computing

In Computing this term, we will be learning about creating media through photo editing. We will be learning how to recolour, layer and create our own media images.

### R.E.

We will be finding out where religious beliefs come from as well as exploring the key questions such as 'how do religious groups contribute to society and culture?'

Year 6 have a busy term ahead! We are studying Victorian Britain in history, and supporting this through reading fantastic books set during this period. Take a look and see what we'll be getting up to!

### History & Geography

This term in History we will be finding out about the Victorians. We will be learning about what life was like for a Victorian child at work, in school and life in the workhouses. In Geography we will be learning about how the industrial revolution impacted on trade and the economy.

### Music

Our music this term is based around singing a range of songs, three-part rounds and practising for our performance at the end of the term.

### Art/D.T.

We will be developing our shading skills and linking our artwork with the work of William Morris. In D.T., we will be designing and making our own Victorian fairground ride.

### P.E.

We will be developing our skills and understanding of team games. We will also be practising our precision in gymnastics.

### P.S.H.E.

In P.S.H.E. we will be learning about friendships and relationships. We will look at different types of relationships and how to manage them. We will also consider how our values link to our behaviour in those relationships.
