Philosophy & RE	Why is the word God so important to Christians? Why do Christians perform nativity plays at Christmas? Why do Christians put a cross in an Easter Garden?			How do Christians belong to their faith family? What does the nativity story teach Christians about Jesus? Why is light an important symbol? How do Jewish people celebrate Passover? Why do different people have different views about God?			Where do religious beliefs come from? How do/have religious groups contributed to society and culture? What do we mean by truth? Is seeing believing? What does sacrifice mean? Why is there so much diversity of belief within Christianity?			How and why does religion bring peace and conflict? Creation or science: conflicting or complementary? What does it mean to be human? Is being happy the greatest purpose in life? How do Buddhists explain the suffering in the world? How do beliefs shape identity for Muslims?
